Ref First named Inventor James Peter DeWalt
Filed 07/16/2003
Title PAPAVER superpoppy hybrid 'Heartbeat'
Art Unit 1661
Examiner Kent Bell

01 August 2006

Dear Sir,

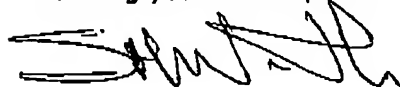

Further to the above Petition and my telephone call to the Petitions office regarding the faxes sent on 21st July 2006.

After viewing your web site & the Public Pairs on the Internet and finding that The faxes sent have been listed wrongly, I contacted the Petition Dept by telephone and on the advice of the Petitions Office, I am not re sending the Petition again, but I would like you to note that the 4 faxes received by you on 21st July 2006 are all appertaining to the same Petition its self and not to be classified as Miscellaneous letters, they are all enclosures supporting my claim in the petition.

The only one that should be removed from the file and was not meant to be sent was an extra 1 page Headed 21-Jul-06 18:36 Water Meadow Nursery 01962 771895 page 2 18418 571-273 8300 Nancy Johnson Which is an incomplete First page of form PTP/SB/61 (10-05) which was sent inadvertently.

Could you please kindly adjust the file on your web site as I am only submitting 1 Petition. Marked PTP/SB/61 (10-05) which is headed 21-JUL-06 18:27 Water Meadow Nursery 01962 771895 PAGE 1. RECEIVED CENTRAL FAX CENTER JUL 21 2006.

Thanking you in anticipation
